

NIGHT BREAKER LASER

Halogen light with excellent brightness

Up to 150% more brightness

More light allows to see farther and therefore react sooner compared to the minimum legal standard

Up to 150m long beam

For better visibility

Up to 20% whiter light

More modern look compared to the minimum legal standard

Strong halogen light for high demands

Thanks to innovative laser ablation technology, NIGHT BREAKER LASER halogen headlight lamps shine up to 150% brighter compared to the minimum legal standard. The highly engineered filament ensures an extra light boost. Consequently, the lamps provide an up to 150m long beam and up to 20% whiter light compared to the minimum legal standard. More light and improved visibility can help drivers identify and react to traffic hazards more quickly. Last but not least: OSRAM NIGHT BREAKER LASER impresses with its unique design (laser-engraved product name) and complete portfolio (H1, H3, H4, H7, H8, H11, HB3, HB4).
