Product family datasheet

LEDriving HL EASY XEN D5S

Easy plug & play installation

Accurate mechanical compatibility – no adapters and/or caps needed

Compact LED replacement for conventional high and low beam lamps

Same geometry as HID - allowing high compatibility with plenty of car models

Cool White color temperature of 6,500 K

Better visibility thanks to daylight effect

OSRAM´s first Plug & Play off-road LED replacement for HID

With extra brightness the OSRAM LEDriving HL EASY XEN ensures a compact LED replacement of conventional high and low beam lamps. These LED retrofit lamps are 12/24V compatible, come with a color temperature of 6,500 K and ensure a broader light distribution: more light allows to see better and therefore react sooner. The top OSRAM thermal management technology with integrated active cooling – a high speed fan - provides maximized heat dissipation for more powerful performances. Premium OSRAM quality and LED technology grant a long lifetime.

Please note: OSRAM LEDriving HL EASY XEN change is recommended to be carried out by a professional.

These products do not have ECE approval and must not be used on public roads in any exterior application. Public roads use leads to cancellation of operating license and loss of insurance coverage. Several countries forbid sale and use of these products. Please contact your local distributor for further information.
