Product family datasheet

LEDriving HLT EASY H1

LEDriving high and low beam lamps for truck

Easy Plug & Play installation

„Socket Design“ – no adapters and caps needed

Superior brightness

More light allows to see farther and therefore react sooner. Signs, obstacles and hazards can be recognized sooner

LED replacement for conventional H1 high and low beam lamps

Reduced glaring thanks to an optimized light distribution

H1 LED replacement for 24V

LEDriving HLT EASY replacement lamps offer a modern and intense light with a color temperature of up to 6,500 Kelvin. These replacement lamps are suitable for conventional H1 high and low beam lamps. LEDriving HLT EASY for high and low beam off-road applications are 24 V compatible and stand out with superior brightness, high compatibility, easier installation due to integrated driver and no radio disturbance. These products do not have ECE approval and must not be used on public roads in any exterior application. Public roads use leads to cancellation of operating license and loss of insurance coverage. Several countries forbid sale and use of these products. Please contact your local distributor for further information.
